“AN IDEA IS SALVATION BY IMAGINATION”

FRANK LLOYD WRIGHT

In this contemporary and continuously evolving age we live in, our daily working environment has now evolved to require more effectiveness, interaction, idea-sharing, and connectivity among team. Tri_com desking offers the solution in the form of our complete and essential furnishing that allows for individuals to work as a team and with enough privacy to work individually uninterrupted.

A clean-cut and simple design with a smooth triangular profile, are the features that define Tri_com desking system. Originally designed with the floating effect for a sense of lightness without forgoing the table rigidity, it evokes a statement of elegance.

Tri_com offers a wide collection of furnishing products ranging from those for the meeting room to the management office and to the operative workspace.

Through smart, adaptable and sustainable designs, Tri_com furnishing systems has versatility that makes even the simplest of configurations possible to be modified, integrating them with a straight or shaped desktop.

Workstations are designed to include an element of modularity, multiple and versatile setup arrangements can be done, whether it is to facilitate just a functional shared working space, or to evoke a statement of elegance and tastefulness.

Tri_com - 120° cluster

Tri_com - operative efficiency

Tri_com provides the team with privacy screens and organisation accessories for your work tools as well as power and data management. This ensures the privacy of individual while at the same time without compromise the exchange of information.

Tri_com - cluster of 4

Apply Tri_com to complete your furnishing with storage that is integrated with high-tech functions. With easily accessible flip-up covers for wire management, it allows for tidy and easy connection to your desktop or laptop.

Tri_com - bench

Tri_com's decentralised legs make it possible to work side by side without the risk of interfering with each other's work. Ideal for when the need arises for the management to build a larger workstation.

A profile with smooth lines fused with the warmth of wood and the sleek texture of aluminium, our attention to detail and wide range of selected material combine to enable customisation of each Tri_com furnishing to your need.

Managerial - make it happen

Idea-sharing and decision-making take place everyday in the workplace. Tri_com designs allow convenient exchange of ideas for various situations such as meeting, conference, discussion, or even visitors' area – the elegant style of Tri_com creates a lasting and professional impression.

Conferencing — decision - maker

1

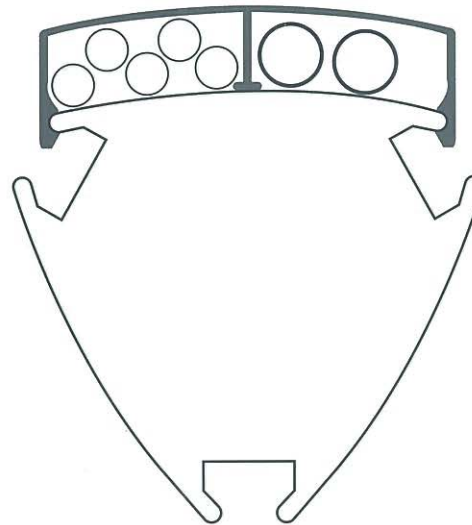

Vertical cable management via a simple, effective wire guide clip-on which clips onto triangular profile with ease.

2

Wire Guide Clip-on

Wire capacity

○ Cat 6 (\varnothing 6.5mm)

○ Cat 7 (\varnothing 9.5mm)
