Swivel and visitor chairs  
**quarterback**

# Generously proportioned ...

Generously proportioned and elegant – the Sedus quarterback is an office swivel chair which promises plenty of space for productive well-being at the very first glance. With its particularly high backrest, the quarterback provides great support, whether working on a concentrated task, or for a more mobile work force.

## ... stylish and elegant.

But it's not just the quarterback's generously sized backrest which impresses at first sight – with its dynamic design, striking silhouette and numerous colour options, it will work in any design scheme. A chair full of character that is easy to put your trust in. Sedus quarterback.

Design: Markus Dörner

**As if cast in one piece.**  
Thanks to the high-quality workmanship, the upholstery and one-piece backrest frame form a single harmonious unit.

## Creating team play.

Sedus quarterback swivel and visitor chairs make a great impression in large open plan offices and small individual spaces. Thanks to their sophisticated ergonomics, with easy-to-use adjustment, they also render everyday office life more comfortable and efficient. They unite apparent opposites, such as openness and protection,

transparency and closure, as well as simplicity and contemporary materials to produce an unmistakable look: timeless elegance which combines lightness of design with dynamic function to satisfy your comfort, productivity and wellbeing.

# Comfort and performance.

The Sedus quarterback does exactly what it promises at first glance. It gives you a feeling of sitting securely without restricting movement and dynamism. And it doesn't stop there: the quarterback technology ensures exceptionally balanced movements which promote comfortable working in various sitting positions. From the generously sized backrest through to the "Similar" mechanism with quick adjustment of the spring force – all the features have one goal in mind: to enhance comfort and well-being without compromising on durability and resilience.

## **Intuitive operation.**

The controls are ergonomically arranged and bear clear function symbols

which make adjusting the seat height and angle and the backrest quick and simple.

## **More relaxed working.**

The headrest with adjustable height and tilt takes the strain off the muscles when leaning back and thus

promotes a sense of well-being. A further handy feature: the clothes hanger which is available with the headrest.

## **Enhanced comfort.**

The generously sized castors on the plastic or aluminium base are suitable for all types of flooring.

# Clean lines which add a sense of lightness and dynamism to the office.

Comfortable and generously sized but with a remarkable lightness – the Sedus quarterback combines timeless design with perfect ergonomics. The forward-projecting armrests underscore the dynamic impression created by the unmistakable lines and leave onlookers in no doubt with regard

to just how comfortable this elegant all-rounder really is! This is further reflected in the intelligent technology, customised adjustment features and smooth-running functionality. For an unparalleled feeling of lightness and elegance.

**Healthy sitting.**  
The innovative mesh membrane ensures perfect support in every sitting position.

**Basic armrests.**  
Height-adjustable.

Height-adjustable lumbar support with mesh and slim upholstered versions.

**3D adjustable armrests.** Adjustable height, width and depth, with Softtouch finish. Chromed connection to go with polished aluminium base.

Height- and depth-adjustable lumbar support with mesh and slim upholstered versions.

Height-adjustable lumbar support, integrated into the backrest of the fully upholstered version.

**Well-being in the office.** quarterback offers you optimal support in all positions.

**Optimal leg support.** With a seat depth of 380 mm which can be adjusted by up to 60 mm, the quarterback is ideally designed to ensure that your upper legs are properly supported, whatever your height.

**Customised seat tilt.** A 4-degree adjustment range enables you to tilt the seat slightly forwards in line with your personal needs.

# Many individual specialists, who together make an unbeatable team.

The Sedus quarterback is a genuine team player who you can rely on whatever the situation. For day-to-day office life, this striking all-rounder is joined by comfortable four-leg models, with and without castors, as well as cantilever models which pick up on the large backrest as a style

element and are thus immediately recognisable as members of the quarterback family. Whether you prefer the mesh, slim or fully upholstered version, the quarterback family supports you whatever the situation.

**Pure comfort.** With the quarterback, you can choose from three different upholstery versions for the backrest. The innovative mesh membrane and the slim upholstery underscore the quarterback's lightness and dynamism, whilst the fully upholstered version impresses with its minimal depth. What all three versions have in common is the outstanding sitting comfort for which Sedus is renowned.

**1 Mesh backrest**

The innovative 3D membrane allows light to shine through, creates an open impression in the room, and nevertheless protects the user's back from unwelcome gazes.

**3 Full upholstery**

In this version, the quarterback offers all the comfort of an upholstered model – yet the integrated membrane creates a particularly slim-line effect.

# Generous – also in terms of sheer choice.

The quarterback satisfies even the toughest of demands in terms of sitting comfort and ergonomics. It also doesn't fail to impress when it comes to aesthetics – as a design element, it has its very own winning character and unquestion-

able style. The large range of shades and fabrics as well as the various frame versions provide for almost unlimited combination options. This allows a unique and harmonious solution to be tailored to your personal style or design scheme.

# Making an environmental statement, too.

Inner values which are sure to impress: In addition to its numerous outstanding features, the quarterback boasts a very special design detail – a backrest which can be mounted in a single step. This means it can be sent partially assembled and then assembled on site in an instant without the need for tools. This saves on packaging material, reduces transport volume by 50% and thus also further improves the quarterback's already outstanding ecological credentials. And: You can sit on your new quarterback even sooner as it can be delivered as a normal postal parcel within 24 hours.

## Intelligent design:

On request, the Sedus quarterback swivel chair can be delivered partially assembled in a handy box. The chair can be assembled in an instant without the need for tools.

**Reduced packaging volume.** With larger quantities, the intelligent packaging concept means significantly reduced transport costs and less impact on the environment.

# Companies, people and the environment all benefit.

Sedus is committed to transforming working in an office into a profitable experience for all. For the benefit of both companies and their employees. This mission statement is laid down in the corporate policy and encompasses all of the aspects which are so vitally important for office work.

Place 2.5 stands for the new office culture of productive well-being. The concept is based on perfect ergonomics, functionality and working conditions. Design, light, acoustics, atmosphere and air are just some of the other elements. The result is office environments designed to enhance well-being, in which people like to work and are therefore more productive.

Sedus' thinking is holistic and customer-oriented: companies today require not just office furniture, but needs-orientated solutions for efficient working processes. What they want is future-proof office working environments that are consistent with the corporate culture. Sedus delivers just that with its comprehensive, flexible product range and with its individual consulting and planning services.

Sustainability and quality "Made in Germany" have been the cornerstone of Sedus' success for more than 50 years now. In addition to working in a way that conserves resources, designing products which are recyclable, using ecologically tested materials and being energy-aware in its manufacturing, Sedus pursues one thing above all else: product quality that lasts, because that's what is best for the environment. The latest example: innovative laser edging. All products which carry the emblem "lasered by Sedus" guarantee seamless edge processing of the highest quality. In terms of aesthetics and material technology, the advantages are impressive: flawless beauty, robust durability and a bonus for the environment.
